Snake Wave Curtain Track System

This Will Make Waves

Introducing Snake Wave: the new curtain track system by Silent Gliss that completely lives up to its name. Falling in waves, the curtain slithers along the curved tracks – smooth, even and silent.

Whether used as an interior window treatment, room divider or design statement, it creates a unique and exclusive look – a room design guaranteed to make waves!

From the Pioneer of Silence

We're only satisfied when your curtains open and close silently – and look great whilst doing so. This relentless pursuit of perfection has made Silent Gliss the global window treatment leader for bent curtain tracks. By combining our technology with precision-sewn fabrics, we bring you curtain systems with an outstanding interior feel.

Highest Quality in Every Curve

Innovative design

Evenly bent tracks ensure that the curtain fabric falls in harmonious waves. The combination of traditional Swiss premium sewing techniques and precision engineering delivers a truly innovative result – ideal as an interior window treatment, room divider or design statement.

Unique technology

The unique Silent Gliss track-bending technology guarantees silent, smooth curtain movement. The even curves offer another alternative to traditional Wave.

Versatile variants

Available in two versions and with over 20 original Silent Gliss fabrics, Snake Wave offers individual solutions to suit any space.

- Silent Gliss 6465 – modern square profile for lightweight fabrics
- Silent Gliss 1060 – elegant V profile for lightweight fabrics

Silent Gliss is the leading global supplier of motorised and manual curtain and blind systems in the high quality market. We offer our customers the very best in terms of quality, design, technology, service and individuality. Our core competence is innovation – inspired and driven by customer needs. A team of highly skilled and experienced professionals work on new developments as well as on the improvement of existing products. With committed customer support teams, Silent Gliss provides an extensive range of services including technical advice, fitting services and maintenance all around the world.
