

SOPHISTICATED
FITTING.

Silent Gliss
**SMART
FIX**

The perfect installation.

Smart Fix offers the ultimate flexibility and ease of installation.

Modern, versatile design: Silent Gliss systems can now be fitted with Smart Fix, a uniform bracket range for use across all our systems. This new design includes magnetic metal covers which are easy to fit and elegantly hide the screws.

Smart Fix replaces a total of 51 brackets and significantly reduces the range to only 22 brackets!

SMART FIX

A total of 10 different Smart Fix brackets offer versatile installation possibilities including fixed length and adjustable options (3 brackets with slot).

Sophisticated fitting – high-end design.

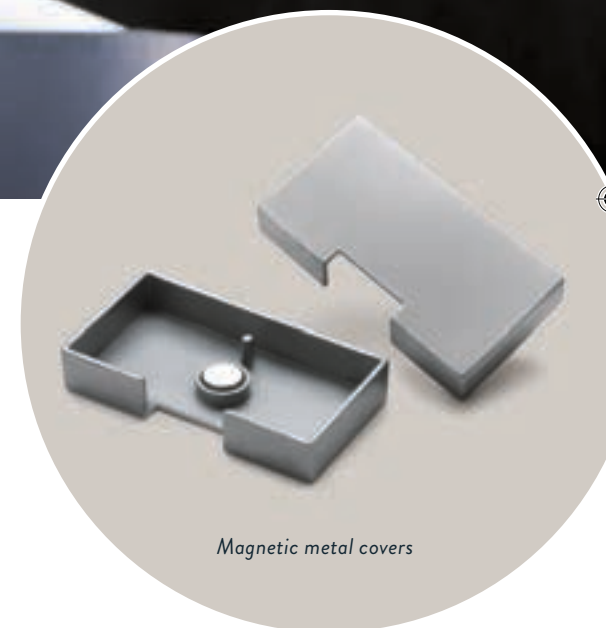

SQUARE SMART FIX

Contemporary designed brackets with a lower down-stand, ideal if fitting space is limited. A total of 9 brackets including fixed length and adjustable options (3 brackets with slot).

UNIVERSAL SMART FIX

A bracket console with 3 different extension arms for ultimate flexibility and adjustability.

Magnetic metal covers

Design Overview

Smart Fix modular bracket system comes in three different designs suitable for every application scenario.

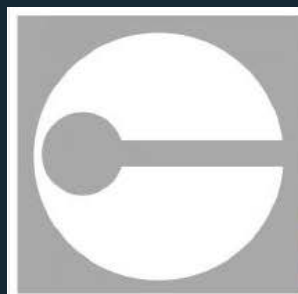

BRACKET SYSTEM	APPLICATION	REMARKS	REPLACES BRACKETS
SMART FIX		<ul style="list-style-type: none"> — Uniform range — 10 Smart Fix brackets: <ul style="list-style-type: none"> 6 threaded 3 slotted 1 with extension arm — Contemporary design — Magnetic metal cover — Powder coated metal parts 	<ul style="list-style-type: none"> — Threaded brackets replace SG 3134–3139 — Slotted brackets replace Metropole brackets
SQUARE SMART FIX		<ul style="list-style-type: none"> — Uniform range — 9 Square Smart Fix brackets: <ul style="list-style-type: none"> 6 threaded 3 slotted — Contemporary design — Magnetic metal cover — Powder coated metal parts 	<ul style="list-style-type: none"> — Threaded brackets replace SG 3134–3139 — Slotted brackets replace Metropole brackets
UNIVERSAL SMART FIX		<ul style="list-style-type: none"> — 1 Universal Smart Fix console — 3 aluminium adjustable extension arms — Magnetic metal cover — Powder coated metal parts — Special developed slot nut which secures screw and prevents unscrewing — Metal end cover 	<ul style="list-style-type: none"> — SG 3144–3145 — SG 3275–3277 — SG 3239 — SG 3080–3083 — SG 6133–6136 — SG 6126–6128

The Architects of Silence
